Testimonial:

Sam has been sub-contracted by M-Four Development for the past 4 years to carry out plaster & screed work on our projects in Serengeti Golf Estate. He has been an integral part of our projects due to his reliability and the quality of work he produces.

We have found him to be a reliable contractor who is easy to communicate with and can be counted upon to use his own initiative to complete the required items we need.

We will continue to sub-contract to Sam on all of our projects in the future.

Kind regards,

Rory Maaske
